

Campus Sexual Assault Victims' Services

American University Wellness Center

<http://www.american.edu/ocl/wellness>

AU has a Wellness Center, located near the Health Center, anyone is eligible to receive services and it houses the health promotion, sexual assault response and alcohol education programs. There are two victim advocates available to meet with students. Not 24 hours though.

Assumption College Sexual Assault Facts, Education, & Response

What we have at my campus is a campus based advocate (for sexual assault and intimate partner violence) who is employed by the local rape crisis center and is in her office on our campus three days a week.

Auburn University Safe Harbor

Our website is currently getting developed but we do have a center on campus (first floor of the Student Center). Safe Harbor is not currently 24/7, but the phone line will be 24/7 soon to speak with actual advocates after hours.

Ball State University Office of Victim Services

University of Albany

Advocacy Center for Sexual Violence

<http://www.albany.edu/advocacycenter/index.shtml>

We do have an advocacy center on campus. It looks like they only provide direct help during normal business hours. They refer people to the local sexual violence center for 24/7 service. That center has a 24 hour hotline and will accompany survivors to the emergency room.
